Meat Science, Vol. 47, No. 3/4, pp. I–II, 1997
Published by Elsevier Science Ltd. Printed in Great Britain

ELSEVIER

Contents of Volume 47

Numbers 1 and 2

1 The Influence of Storage and Display Conditions on the Color Stability of Display-ready Pork Loin Roasts
L. E. JEREMIAH & L. L. GIBSON (Canada)

17 The Influence of Storage and Display Conditions on the Retail Properties and Case-life of Display-ready Pork Loin Roasts
L. E. JEREMIAH & L. L. GIBSON (Canada)

29 Chemical and Structural Changes in Dry-cured Hams (Bayonne Hams) during Processing and Effects of the Dehairing Technique
G. MONIN (France), P. MARINOVA (Bulgaria), A. TALMANT, J. F. MARTIN, M. CORNET, D. LANORE (France) & F. GRASSO (Italy)

49 The Problem of Taint in Pork—II. The Influence of Skatole, Androstenone and Indole, Presented Individually and in Combination in a Model Lipid Base, on Odour Perception
I. E. ANNOR-FREMPONG, G. R. NUTE, F. W. WHITTINGTON & J. D. WOOD (UK)

63 The Problem of Taint in Pork—III. Odour Profile of Pork Fat and the Interrelationships between Androstenone, Skatole and Indole Concentrations
I. E. ANNOR-FREMPONG, G. R. NUTE, F. W. WHITTINGTON & J. D. WOOD (UK)

77 Responses of Two Genotypes of Chicken to the Diets and Stocking Densities of Conventional UK and *Label Rouge* Production Systems—II. Sensory Attributes
L. J. FARMER, G. C. PERRY, P. D. LEWIS, G. R. NUTE, J. R. PIGGOTT & R. L. S. PATTERSON (UK)

95 The Effect of Fat-enriched Diets on the Perirenal Fat Quality and Sensory Characteristics of Meat from Rabbits
M. A. OLIVER, L. GUERRERO, I. DIAZ, M. GISPERT, M. PLA & A. BLASCO (Spain)

105 Heating Rate Effects on High-fat and Low-fat Frankfurters with a High Content of Added Water
S. COFRADES, J. CARBALLO & F.JIMÉNEZ-COLMENERO (Spain)

115 Composition Analysis of Beef Rib Sections by Dual-energy X-ray Absorptiometry
A. D. MITCHELL, M. B. SOLOMON & T. S. RUMSEY (USA)

125 The Design of Pig Stunning Tong Electrodes—A Review
J. M. SPARREY & S. B. WOTTON (UK)

135 Postmortem Calpain-system Kinetics in Lamb: Effects of Clenbuterol and Preslaughter Exercise
N. J. SIMMONS, O. A. YOUNG, P. M. DOBBIE, K. SINGH, B. C. THOMPSON & P. A. SPECK (New Zealand)

147 Effects of Modified Atmosphere Storage on Colour and Microbiological Shelf Life of Normal and Pale, Soft and Exudative Pork
O. SØRHEIM, T. ERLANDSEN, H. NISSEN, P. LEA & T. HØYEM (Norway)

157 Thermal Gelation of Chicken, Pork and Hake (*Merluccius merluccius*, L) Actomyosin
S. COFRADES, M. CARECHE, J. CARBALLO & F. JIMÉNEZ COLMENERO (Spain)

167 Comparative Evaluation of Some Antioxidants in Salame Milano and Mortadella Production
G. P. GHIRETTI, E. ZANARDI, E. NOVELLI, G. CAMPANINI, G. DAZZI, G. MADARENA & R. CHIZZOLINI (Italy)

Numbers 3 and 4

177 Crossbreeding Dual-purpose Cattle for Beef Production in Tropical Regions
A. RODRIGUEZ-VOIGT, E. NOGUERA, H. L. RODRIGUEZ, N. O. HUERTA-LEIDENZ, O. MORÓN-FUENMAYOR & E. RINCÓN-URDANETA (Venezuela)

187 The Role of Endogeneous Proteases in the Tenderisation of Fast Glycolysing Muscle
G. R. O'HALLORAN, D. J. TROY, D. J. BUCKLEY & W. J. REVILLE (Ireland)

211 Influence of the Oxidative Quality of Dietary Oil on Broiler Meat Storage Stability
C. JENSEN, R. ENGBERG, K. JAKOBSEN, L. H. SKIBSTED & G. BERTELSEN (Denmark)

223 Effect of Natural Antioxidants and Vacuum Packaging on the Quality of Buffalo Meat Nuggets during Refrigerated Storage
J. SAHOO & A. S. R. ANJANEYULU (India)

231 Effect of *Lactococcus lactis* var. *lactis* Biovar *diacetylactis* on Bacterial Counts, pH and Total Acidity of Minced Goat Meat during Refrigerated Storage
T. R. K. MURTHY, V. KESAVA RAO & C. NATARAJAN (India)

237 Pig Muscle Fibre Characteristics as a Source of Variation in Eating Quality
C. A. MALTIN, C. C. WARKUP, K. R. MATTHEWS, C. M. GRANT, A. D. PORTER & M. I. DELDAY (UK)

249 Role of Amino Acids and Glucose in Development of Burnt Off-flavours in Liver Sausage during Heat Processing
C. HILMES & A. FISCHER (Germany)

259 Technological Suitability of Mutton for Meat Cured Products
M. J. BERIAIN, J. IRIARTE, C. GORRAIZ, J. CHASCO & G. LIZASO (Spain)

267 Decontamination of Carcasses by Vacuum-hot Water Cleaning and Steam Pasteurizing during Routine Operations at a Beef Packing Plant
C. O. GILL & J. BRYANT (Canada)

277 Meat Quality Assessed *Ante-* and *Post-mortem* by Different Ryanodine Receptor Gene Status of Pigs
R. LAHUCKY (Slovakia), L. L. CHRISTIAN (USA), L. KOVAC (Slovakia), K. J. STALDER (USA) & M. BAUEROVA (Slovakia)

287 Optimisation of Calcium-dependent Protease and Cathepsin D Assays in Ostrich Muscle and the Effect of Chemical and Physical Dry-curing Parameters
F. P. VAN JAARSVELD, R. J. NAUDÉ & W. OELOFSEN (South Africa)

301 Supranutritional Vitamin E Supplementation in Pigs: Influence on Subcellular Deposition of α-Tocopherol and on Oxidative Stability by Conventional and Derivative Spectrophotometry
J. WEN (PRC), P. A. MORRISSEY, D. J. BUCKLEY & P. J. A. SHEEHY (Ireland)

311 Histo- and Biochemical Characteristics of the *Longissimus Dorsi* Muscle in Pigs and their Relationships to Performance and Meat Quality
P. HENCKEL, N. OKSBJERG, E. ERLANDSEN, P. BARTON-GADE & C. BEJERHOLM (Denmark)

323 Variation in Post-mortem Rate of Glycolysis Does Not Necessarily Affect Drip Loss of Non-stimulated Veal
M. J. A. DEN HERTOG-MEISCHKE, R. E. KLONT, F. J. M. SMULDERS & J. G. VAN LOGTESTIJN (The Netherlands)

331 Chemical Attributes Characterizing Sticky Post-mortem Ageing in Beef
R. STEPHAN, F. STIERLI & F. UNTERMANN (Switzerland)
